Batavia Family Dental Savings Program (in-office only)

With the sudden changes in so many patients’ dental insurance status, we want to stress to people how important it is to maintain their regular cleaning and oral exam appointments. The health of your mouth is directly correlated to other health issues in your body. We need to keep your teeth and gums in the best shape possible. Catching any problems while they are small will prevent larger, more costly emergencies in the future. We were thinking that there has to be a way for us to offer patients with NO dental insurance, a way to save money while still getting excellent dental care. For this reason, we have created the Dental Savings program.
